Dana and Anna:

First of all—Anna—congrats on your new position!

Secondly, sorry for the delay. I took this on and then Nonresponsive Discussion of Personal Matters / Ex. 6 so today was OPP-ORD MOU day!! This represents my take on editing based on our conversation (which was very good).

This version has not been through the other folks in ORD, including NCEA---although I shared the original with them and got some input. If I were still in NCEA, this would have come to me, and I have only been sort of gone for 2 months. So I feel pretty good about, you know?

Jackie and I are wanting to know if this passes the laugh test for you with the proposed edits that I made. Then we want to get it to folks in ORD. Folding in more generalities (or specifics) that might cover NERL, for example, would probably be good!

Let me know if you have ANY questions.

Have a good and unfortunately rainy weekend.

Lynn
